

Dear Partner

Display LC held the celebration to thank all stakeholders alike for 25 years of successful partnership and for their unwavering support through the years.

In 1989, Display LC was established in Switzerland as a `competence centre` for LCD Technology. At that time many parameter has changed and the display market transformed rapidly into a billion dollar business. Since the beginning we keep hold of our core competence efficient and therefore we are a fixed value into volatile market. Furthermore we look confident in a fruitful future, because `your vision is our motivation`!

Our employees are pleased to support you another 25 years.

Best regards

your **DISPLAY LC** team
