## Display LC selective key distributor for Tianma Europe GmbH

During the past years the re-organisation within Tianma Microelectronics Ltd. and NEC LCD Technologies was ongoing. The final merge was done now and from July 1<sup>st</sup> 2017 onwards the name of Tianma Europe GmbH was established.

NLT & Tianma naming will continue as a brand name but all NLT products will be merged into Tianma TFT.

Due to our long and successful cooperation Display LC AG was further awarded to be a key Distributor in Europe in their limited Distributor network selling all available TFT and passive LCD products. This allows Display LC also in the future an excellent support to our customers offering widest possible product range fitting to all requested specifications and requirements.

We are looking forward to a successful partnership with Tianma Europe GmbH also in the coming years.

Display LC AG, July 26<sup>th</sup> 2017
